

PURIST

This is Purist.

Our brand is rooted in embracing nature,
conserving purity, and fostering community.

We have developed a sustainable product that
combines industrial and natural resources
to promote environmental sustainability and
human health, ensuring it's free from harmful
contaminants.

Through this innovation, we have committed to
create a collective that leads sustainability, social
impact, and purity of resources in our industry.

☺ Embodying nature.

Our aim is to capture the essence of nature’s authenticity to inspire deep reverence through our products. Drawing from earthly elements, we created our naming convention and color schemes that mirror those found in the natural world.

Color Palette.

Our base collection is made up of four shades derive from elements found in nature.

Limited colors complement and add a new layer of depth when mixed with the base collection.

👉 Element

Twist top with integrated handle for secure carrying. Insulated to retain temperature. Universal fit for all bottles.

🔄 Scope

360 degrees of perfect sipping at any temperature. Insulated to retain temperature. Rotating outer ring adjusts to your preferred flow. Turn to open and close. Universal fit for all bottles preferred on Maker and Mover.

👉 Union

Pinch soft stopper to open and push down to closed position. Integrated handle for secure carrying. Universal fit for all bottles preferred on Mover and Founder.

Conversing purity.

We combined resources that prevent contaminants from migrating into beverages while promoting environmental preservation.

Our bottle features and design are among the most advanced in our industry, providing consumers with an unparalleled experience.

Resources

Purist Technology.

We created this technology by taking a naturally occurring compound and turning into a inner barrier for our bottles.. It effectively stops contaminants from entering beverages and guarantees a seamless transition between drinks, without any metallic taste or lingering flavors.

Surgical Grade Stainless Steel.

Corrosion resistant
Hypoallergenic
Environmentally Sustainable
Lead free

BPA Free Lids

These materials are designed to be more environmentally friendly, from being recyclable and reduced environmental persistence.

Features

Double Wall Vacuum insulated

12 hours hot/ 24 hours cold

Universal Fit

All lids fit on all size bottles.

Insulated Lids

Designed to maintain the temperature of your beverage by preventing heat transfer.

Leak-Proof Lids

Designed to ensure beverages stay securely contained without any risk of spills or leaks.

Fostering community

We partner with community-based organizations to generate awareness and empower social and environmental change.

hope services

Transforming lives through Hope since 1952

Meet our current partners, Hope Services.

We have proudly partnered with Hope Services to provide meaningful employment opportunities for individuals with developmental disabilities.

Integral to the production team at Purist Collective, integral part of the building and assembly process.

Hope Services is committed to improving the lives of people with developmental disabilities through comprehensive programs and services that promote independence, inclusion, and personal growth.
